Meeting Victor Harbor Horse Tram Authority Audit Committee

Date **31 October 2023**

From Megan Whibley

Subject The First Quarter Review of the 2023/24 Budget Report

Report Number 7.1

RECOMMENDATION

That the Victor Harbor Horse Tram Authority Audit Committee receive and note The First Quarter Review of the 2023/24 Budget Report.

INFORMATION

Purpose

The purpose of this report is for the Victor Harbor Horse Tram Authority (VHHTA) Audit Committee to receive and note The First Quarter Review of the 2023/24 Budget report.

Background

Section 9 of the Local Government (Financial Management) Regulations 2011 provides the requirements for regular budget reviews. Regulation 9(1)(b) and 9(2) of the Local Government (Financial Management) Regulations 2011 requires a budget review to include a revised forecast of the Authority's operating and capital investment activities compared with estimates set out in the budget.

Further, the Victor Harbor Horse Tram Authority is required by the Charter to provide reports on the financial position of the Authority each quarter:

5.5 Quarterly reports summarising the financial position and performance of the Authority against the Budget must be prepared and presented to the Board within thirty days of the conclusion of each quarter and copies provided to the Council.

The first quarterly report for the 2023/24 financial year has been prepared on schedule. This First Quarter Review of the 2023/24 Budget is a review addressing the first three months of the 2023/24 financial year.

Commentary

The Victor Harbor Horse Tram Authority 2023/24 budget was prepared by the VHHTA, utilising the software package 'Xero' to manage Authority finances.

The 2023/24 budget is tracking well considering the Horse Tram has had a reduced service with three of our five working horses sustaining minor injuries and needing some time to recover. This is associated with horse hierarchy, after losing Jay Jay, the herd is somewhat unsettled and squabbling as they establish a new herd leader. We have been managing this through segregation at feed times and an array of horse chiropractors and massage therapy for the injuries. The new Stable Complex will also add to the ability to manage the herd at feed times. The VHHTA has been mindful to care for and nurture horses that are still working and ensure a schedule that provides plenty of rest and relaxation. With careful management the VHHTA is managing to provide an adequate service, still pleasing visitors to Victor Harbor and generating a reliable income stream.

The merchandise store is showing strong results in the first quarter.

There are a few areas that were not allowed for in the 2023/24 budget.

- Increased souvenir purchasing for stock.
- Fringe Benefits Tax allowances were missed.
- Horse expenses have increased due to injuries and vet costs for Archer's eye treatment.

On a positive note, the new Stable Complex is getting close to opening and creating another revenue stream. Exciting times. The expected opening date to the public is mid to late December 2023.

The financial statements are at attachment A. The First Quarter Review of the 2023/24 Budget included in the financial statements is provided at attachment A.

RISK ASSESSMENT

Risks associated with the recommendation have been assessed as follows:

Financial Management - The VHHTA is on track to achieve an end of financial year position in accordance with the adopted budget. The Board are continuing to find ways to generate own-source income outside of ticket sales to improve the bottom line into the future. The risk is assessed as *low*.

Socio Political, Community Issues / Reputation - The Board are continuing to find ways to generate own-source income to reduce the dependency on Council funding which will go toward appeasing any community concern regarding the use of ratepayer money to fund Horse Tram operations. The VHHTA has been able to provide information to the Victor Harbor community around the benefits of the iconic Horse Tram as a driver of the tourist economy and as an attraction for Victor Harbor versus the relatively low cost of keeping the service running, via the study and report by Laura Hodgson, titled 'The Assessment of the Value of the Victor Harbor Horse Tram'. This risk is assessed as *low*.

Governance - the recommendation meets the requirements of the Charter and legislation. The risk is assessed as *low*.

BUDGET IMPLICATION
